MUSEUM OF FINE ARTS, BOSTON

BUILDING PROJECT DEVELOPMENT TEAM, DESIGN CONSULTANTS, AND SUBCONTRACTORS

The Museum of Fine Arts, Boston (MFA), commissioned renowned architectural studio, Foster + Partners (London), in 1999 to design a master plan for the MFA's transformative building expansion and renovation. The MFA hired the Boston firm CBT/Childs Bertman Tseckares Inc., as Executive Architects, to work with Foster + Partners. In addition to MFA staff, approximately 6,000 people have been involved with the Museum's expansion and renovation. The following is a list of the development team, design consultants, and subcontractors who worked with the MFA:
